J. P. MORGAN'S MISSION

Real Purpose of His Trip to Europe—Cropping Out at Last.

GOBBLING UP TRANSATLANTIC LINES

Closes a Deal For One of the Biggest Ocean Transportation Companies in Great Britain—Consolidation of Steamship Interests Begun.

London, April 29.—The first step in the consolidation of some of the biggest transatlantic shipping interests has been accomplished by the purchase by J. P. Morgan & Company of the Leyland line of steamers. A deposit on the purchase money has been paid to the owner.

Officials of the Leyland, in confirming the sale, announced that an official statement will be issued from the head office of the line at Liverpool Tuesday. It is understood the shareholders will receive £14 10s for each £10 share.

The Leyland line, whose fleets will thus pass into the control of Americans, is one of Great Britain's greatest shipping institutions, far exceeding the Peninsular and Oriental Steam Navigation company in tonnage and importance.

Some months ago when it was suggested that the line was likely to pass into the hands of the Atlantic Transport company, much comment followed in regard to the effect it would have on other British lines, as it was generally felt in shipping circles that any such wide-reaching shipping amalgamation, in close touch with American railroads, would have serious consequences for outside lines.

Present For Spain's Queen.

Madrid, April 29.—The Mayor of Buenos Ayres and the Argentine delegation which came here to present the queen, regent a beautiful reliquary, were received with an enthusiastic welcome, dined and feted. Their visit is interpreted by the Spanish press as a sign of political rapprochement. The Herald recounts a number of Argentine measures testifying revived pro-Spanish feeling. The Epoca expresses itself gratified at the better understanding between the two countries, and says, "Spain is an American nation, not only historically but by present influence, because there are 40,000,000 Spanish-speaking Americans, while Spanish emigration will keep alive in the American republics love for the old country and strengthen existing ties."

Coroner's Verdict on Pug's Death.

London, April 29.—The coroner's jury which investigated the death of Billy Smith, the American pugilist who was fatally injured, April 22, at the National Sporting club in a bout with Jack Roberts, rendered a verdict of accidental death. The coroner closely examined club officials and some disinterested spectators of the contest. The hospital surgeon who attended Smith said the appearance of the pupils of Smith's eyes disproved the story that he had been drugged. All the testimony elicited tended to establish the fact that Smith was not drugged. Out of the 250 bouts that have taken place at the National Sporting club this year this is the first in which any contestants sustained serious injury.

French Miners Oppose Striking.

St. Etienne, France, April 29.—There is a strong probability that the proposition to inaugurate a strike in all the coal basins in support of the miners' strike at Montceau-les-Mines, was defeated by the vote of the miners taken under direction of the miners' federation. A majority of the 165,000 miners abstained from voting. The vote as canvassed shows 26,000 in favor of and 15,000 against striking.

Wreck on Chinese Railway.

Tien Tsin, April 29.—It appears that 19 Chinese were killed through the derailing Sunday morning of the first train from Peking to Tien Tsin, between Lo-Fa and Yang-Tsun, through the collapse of a culvert. An American private soldier named Kennedy was slightly injured. Communication has been restored.

Son of the Tall Sycamore.

New York, April 29.—James P. Voorhees of Washington, a son of the late Senator D. W. Voorhees, who was arrested last Thursday charged with being an accomplice in the robbery of a tailor shop, was discharged from custody, the complaining witness having failed to make out a case against him.

Steamer Ashore.

Norfolk, April 29.—An unknown steamer was discovered ashore off False Cape. The disaster was due presumably to the thick weather. Life savers have gone to the rescue. The steamer lies over two miles out.

Fruit of War Revenue Act.

Washington, April 29.—Up to March 31, 1901, the war revenue act of June 13, 1898, has produced \$289,504,447.

AT OUR FRONT DOOR.

Britain Bringing Boer Prisoners to The Bermuda Islands.

Hamilton, Bermuda, April 29.—There is considerable excitement in Bermuda over the expected arrival of 1,700 Boer prisoners. The British government has leased Darrell's island, one of the largest islands in the sound, and within a quarter of a mile of Warwickshire, for one year, with the option of relinquishing it on a month's notice. Dicker's island has also been inspected, but definite settlement has not been made in regard to it.

Bermudians are not feeling very comfortable over it. The island is still garrisoned by the colored regiment, the First West India, and the behavior of these troops is by no means calculated to inspire the confidence of the people they are supposed to guard. It is hoped that a very strong force of European soldiers will be sent with the Boers, or matters, it is feared, may be as uncomfortable as they were recently in St. Helena.

Captured by the British.

London, April 29.—Lord Kitchener reports to the war office from Pretoria under date of April 28 as follows: "Kitchener's fighting scouts under Grenfell have surprised and captured Van Rensburg's laager at Klipdam, north of Pietersburg. Seven Boers were killed, 37 taken prisoners, 8,000 pounds of ammunition, and all the wagons, carts, oxen, horses and mules were captured. Our only casualty was one wounded. The other columns report three killed, 50 taken prisoners, 57 surrendered and one quick-firer captured." Another dispatch from Lord Kitchener dated April 29, says: "General Blood has discovered at Rossenkal, South African Republic documents and a large number of bank notes. Byng has had a fight with Boers on the Basutoland border south of Wepener and killed five. Grenfell, in addition to the captures, reported 38,500 rounds of small arms ammunition. At Lydenburg 20 Boers have surrendered."

Tried to Capture Cecil.

Cape Town, April 29.—A party of Boers blew up the railroad between Graspan and Belmont, Cape Colony, in three places, April 27, apparently with the intention of intercepting a train carrying Cecil Rhodes. The damage done was slight and quickly repaired.

FIRES AND FATALITIES.

Life and Valuable Property Destroyed. Child Forgotten in a Pan.

Pittsburg, April 29.—Fire at the corner of Carson and Seventeenth streets, South Side, resulted in the loss of one life, a property loss estimated at \$225,000, consumed over a dozen buildings, and rendered a score of families homeless. The flames were discovered in the basement of the four-story department store of George E. Lorsch & Brother, and soon the entire building was burning furiously. It was in ruins within 30 minutes. A panic ensued among customers and employees, which resulted in what seemed at first a well-founded report that eight persons had perished. This was found untrue after the fire had been controlled, the only fatality being the burning to death of Mrs. Kate Donley's child, aged 30 months. When the fire broke out Mrs. Donley and her child were on the fourth floor. In her haste to escape the mother fell on the stairway and was rendered unconscious. In the excitement the child was either forgotten or burned before aid came.

A shower of burning timbers from the Lorsch building carried destruction in every direction, and several other stores and a number of dwellings were swept by the flames. The losses are well covered by insurance.

Latrobe's Inferno.

Latrobe, Pa., April 29.—The fire at the Dorothy coal and coke plant of the American Steel and Wire company, which started by an explosion Sunday night, is still burning. Superintendent Rogers and William Gill, who were overcome by smoke, have recovered, and no fatalities will result. It is known that all the miners escaped. A pipe line has been laid into the mouth of the blazing pit and the mine will be flooded. It will probably be several days before the flames are extinguished. The loss to the plant will reach \$150,000, covered by insurance.

Robbers Work, Flames Roar

Arlington, Mass., April 29.—Fire was discovered in the attic of the town hall, and when the attention of firemen and police was directed to putting out the blaze, robbers entered the office of the town clerk on the ground floor of the building, forced open the safe and secured \$1,200. The fire caused a damage estimated at \$2,000.

Ashtabula, O., April 29.—Robbers with dynamite blew up a safe in a large frame building on Main street. Fire quickly broke out after the explosion. The Richards & Herlick building was totally destroyed, as was also an adjoining business house, the losses aggregating \$20,000. What the robbers secured is not yet known.

BANISHED FROM ITALY

Brigands and Other Criminals Come To the United States.

IMMIGRATION LAW IS NO BARRIER.

Bring Money Enough With Them to Land Without Being Questioned—Thirteen Deported Bandits Located in Kansas City.

New York, April 29.—Italy is making the United States a dumping ground for her criminals and paupers. This has been forcibly called to the attention of local authorities by the arrival in this port of three Italian brigands, whose depredations made them a scourge to the provinces in which they were reared. Despairing of being relieved in any other manner, the merchants upon whom they had preyed made up a liberal purse, with which the three were sent to America, arriving here with money enough in their pockets to enable them to land unquestioned. These three outlaws, who encountered no obstacle to prevent them from entering this country, are in Kansas City. Warning has been sent by Police Commissioner Murphy to the Kansas City police officials, who have the Italians under surveillance. After their arrival in New York the brigands lived in a quiet manner, meanwhile maturing their plans for a career of crime in the west.

Commissioner Murphy has found this to be no isolated case. "Italian criminals," said he, "are pouring into New York on every ship that brings immigrants. The popular belief that our laws bar out criminals and paupers is a mistake. It may be that the Italian government has no part in the scheme, but it is still true that the United States is being made the dumping ground, receiving the cast-offs from Italian prisons and poorhouses."

Callahan Acquitted.

Omaha, April 29.—James Callahan was acquitted of the charge of kidnapping Edward Cudahy. Judge Baker severely rebuked the jurors for their verdict and said he hoped none of them would ever again appear in the jury box. The jurors took the reprimand in silence. No move has been made since except the rearrest of Callahan on charges of grand larceny and false imprisonment. Callahan is still in jail, but his attorneys are preparing a showing which they believe will secure him freedom. They set forth that Callahan's liberty is placed in jeopardy on the same testimony, and virtually the same charges as those on which he has been tried.

Bank Officials Arrested.

Seattle, Wash., April 29.—Frank Oleson, cashier, and J. S. Stangroom, bookkeeper of the defunct Scandinavian-American bank of New Whatcom, have been arrested on warrants charging them with receiving deposits after the failure of the bank. Oleson was arrested here and Stangroom at Whatcom. Stangroom is now exchange teller of a Seattle bank and lives here. Oleson was formerly secretary of the board of public works here and a prominent politician and newspaper man. He says the arrests are the result of a mistake and that the receiver of the bank has acted hastily.

Fatal Snowslide.

Port Townsend, Wash., April 29.—Jacob Rush, who has spent three years in Alaska, returned from Valdez on the steamer Senator. Just before sailing from Valdez for Juneau, Mr. Rush says a courier arrived at Valdez from Sunrise City, stating that in a snowslide there April 12, 20 or more lives were lost and a number of houses buried. The courier left shortly after the slide occurred and could not give full particulars of the catastrophe.

Sued For Alleged Shortage.

Des Moines, April 29.—George A. Reid, a lieutenant of the Fifty-first Iowa regiment, acting commissary at the Presidio in 1898 and 1899, has been made defendant in a suit for \$22,442, for which it is alleged he failed to render satisfactory accounting. Reid is in the harness business in this city. He declares that a supplemental accounting by him will explain the apparent shortage.

The New York Limping Home.

New York, April 29.—The Atlantic Transport Line steamer Minnehaha, which arrived here from London, reports that last Thursday, at 9:30 p. m., she passed the American liner steamer New York, from Southampton and Cherbourg, going at reduced speed. Captain Robinson of the Minnehaha said the New York was steaming at the rate of 14 knots, and should arrive about noon Tuesday.

Berlin, April 29.—A fire in Spremburg, Prussia, destroyed the cloth factories of Bergmann & Pretsch, H. Puchel, and Starik & Mittel. Two persons perished in the flames. The loss is placed at several million marks.

BOXER OUTBREAK PLANNED.

Chinese Authorities Doing Their Utmost To Avoid a Clash.

Washington, April 29.—The Chinese minister stated that all information reaching him shows that the imperial authorities are doing their utmost to avoid a clash between the Chinese forces and those under foreign command. This applies not only to the province of Pechili, but also to Manchuria and to the Yangtse region as, according to a recent report an uprising of the Boxers is being planned for the coming summer.

The thanks which Li Hung Chang has given Mr. Rockhill for the course of the United States in the indemnity negotiations is in line with similar thanks which Minister Wu has expressed to Secretary Hay, the Chinese authorities having taken occasion several times of late to make known their appreciation of American efforts to keep the total of indemnity down to a sum which China could reasonably meet.

Germans Carried Shansi Pass.

Berlin, April 29.—Dispatches from Peking show that the Germans had a difficult task in carrying the passes leading into Shansi province. The only approaches were steep mountain tracks and the Chinese held commanding positions, from which they rolled huge rocks down the mountain side on the advancing Germans. Besides many old guns, 18 quick-firers were captured. The German losses were an officer and seven men killed and thirty-five men wounded.

Buying Bombay Cotton.

Tacoma, April 29.—The steamship Oopack brings news that the shipments of raw cotton from the United States to the orient will be greatly affected by the immense purchases of Bombay cotton just made by the Cotton Spinners' union, embracing the largest cotton manufacturers of Japan. Their agents have bought 250,000 bales to be shipped within the next few months. Of this quantity the Nippon Yusen Kaisha will carry 100,000 bales at 12 rupees a ton. Many manufacturers intend to mix Bombay with American cotton, while others will use the former exclusively. It is laid down in Japan cheaper than American cotton can be purchased.

Flax Fungus.

Fargo, N. D., April 29.—Flax growers in the northwest have been alarmed over the condition of the crop for a year or two. As a result of investigations, Professor H. L. Bolley of the North Dakota Agricultural college has discovered the flax plant is afflicted with a fungus or parasitic growth, similar to smut on wheat. Investigations are in progress to discover some method of treating the soil to eradicate the growth, or to treat the grain as wheat is treated with formaldehyde for smut.

Ohio Incorporations.

Columbus, O., April 29.—Groene Music Publishing company, Cincinnati, increase from \$12,000 to \$25,000; Toledo Machine and Tool company, Toledo, increase from \$50,000 to \$100,000; Gastracine Chemical company, change of name to Mueller Chemical company, Lima; By-Product Coke Oven company, Cleveland, \$100,000; William J. Gallagher company, Cleveland, \$100,000; Citizens' Telephone company, Toronto, \$10,000; G. C. Kuhlman Car company, Cleveland, \$200,000.

Must Pay Tax on Calls.

Washington, April 29.—The United States supreme court decided in the case brought by ex-Congressman Stephen V. White of Brooklyn that a "call," as the word is used on the Stock Exchange, is an agreement to sell, and therefore subject to taxation at the rate of 2 cents per \$100 under the war revenue law.

Shamrock Stuck in Mud.

Glasgow, April 29.—It transpires that the Shamrock II grounded on a mud bank near Dumbarton, while proceeding seaward, Saturday. Her crew was transferred to a tug. Thus lightened, the yacht floated after having been ashore three-quarters of an hour. It is believed she is not injured.

Change of Ministers.

Budapest, April 29.—Emperor Francis Joseph granted a farewell audience to Addison C. Harrison, retiring United States minister to Austria-Hungary, and subsequently received the new minister, Robert S. McCormick, who presented his credentials to his majesty.

Woman Slayer Caught

Ludwigshafen, Baden, April 29.—The notorious "Jack the Ripper," who has assaulted and mutilated eighteen women, has been caught here red-handed by two detectives attired as women.

Murphy Will Contest Settled.

Nashville, Tenn., April 29.—The contest of the will of the late Samuel M. Murphy has been settled. Mr. Murphy left an estate valued at \$1,500,000. The claimants accepted the legacies provided in the testament.

TRANSAMERICAN TOUR

President's Party Leaves Washington For the Pacific Coast.

WILL TRAVEL TEN THOUSAND MILES.

Thousands Thronged the Station to Witness the Departure—President To Attend Launching of Battleship Named After His State.

Washington, April 29.—The train which is to carry President and Mrs. McKinley and party on their long excursion across the continent and back made its start Monday precisely on schedule time over the Southern road. Before 10 o'clock many people had congregated about the station, and when President and Mrs. McKinley arrived about 10:20 the building was thronged. There was a cheer as the president's immediate party drove up to the station, and a general demonstration of regard as they made their way through the crowd to the train. They were accompanied to the train by numerous friends and by many persons distinguished in the affairs of the nation. The party included Secretary Gage, Secretary Root, Senator Hanna, Judge McKenna, General Miles, General Corbin, General Sternberg, Secretary White of the American embassy in London, Pension Commissioner Evans, Comptroller Dawes, General Bates, Assistant Postmaster General Shellenbarger, Congressman Livingston, and many women of the cabinet circle. Mrs. McKinley found the drawing-room of the private coach which she and the president occupy beautifully decorated with flowers.

The president took his position on the rear platform of the Olympia, and just as the minute hand of the big clock in the station touched the 10:30 point the train started on its 10,000-mile journey. The crowd cheered and waved a good-by. The demonstration continued until the train left the environs of Washington, the crowd extending well to the city limits.

The main objective point of the journey is San Francisco, where the president goes to witness the launching of the battleship Ohio.

New Orleans in Readiness.

New Orleans, April 29.—The program for the reception to President McKinley and party is complete. The train is expected Wednesday afternoon and will be met by a military and civic parade, which will escort the visitors to the St. Charles hotel, where there will be a banquet in the evening. Thursday morning there will be a carriage ride to points of interest, including a special reception by colored people at Southern university.

Right on the Dot.

Charlottesville, Va., April 29.—The presidential train passed through Charlottesville on schedule time. It stopped here about ten minutes, and the president made a short address, which was applauded by a large crowd at the station.

Prince Searched.

New York, April 29.—As Prince Henri De Croy of Belgium, who arrived in Hoboken on the Holland-American liner Potsdam, was preparing to leave the piers, he was accosted by customs inspector Andrew McCort and informed that an examination of his person would be necessary. As a result of the examination the inspector found a magnificent emerald and diamond bracelet, a gentleman's ring, two Angora shawls and three snuff boxes. The prince was not detained. The articles will be held pending investigation.

Ultimatum of Machinists.

Chicago, April 29.—The conference committee of the International Association of Machinists has sent an ultimatum to the Illinois Central Railway company demanding an immediate answer to the schedule of demands presented last week. If the answer is not made at once it is considered probable the machinists will break off negotiations. The company has sent out agents to the various centers of industry where the machinists are employed to learn the exact situation.

Harvard's Degree For McKinley.

Boston, April 29.—At a meeting of the board of overseers of Harvard university held here Monday the question of granting the degree of doctor of laws to President McKinley was taken up informally and the sentiment expressed was unanimously in favor of the step. The matter will come up for formal action at a meeting of the overseers just before commencement in June, according to usual custom.

Presidential Appointments.

Washington, April 29.—The president made the following appointments: Charles H. Egbert of Illinois, consul for the state of Durango, Mexico; George Colvig, Oregon, consul at Barranquilla, Colombia; also a long list of army and navy appointments.

The Democratic Senatorial primary in the Bracken district comes off next Saturday. The Hon. W. A. Byron and Hon. T. H. Armstrong are pitted against each other, and the fight will be warmly contested until the last vote is in.

A dispatch states that the little granddaughter of Mr. and Mrs. B. Brown, in the town of Williamston, on the West Virginia line, swallowed a \$50 bill a few days ago. Mr. and Mrs. Brown must be well provided with cash if they give their grandchildren \$50 bills for playthings.

The Beaumont oil discoveries have reduced the price of crude petroleum all over the world two cents a gallon. "This field may break the back of the Standard Oil octopus, says an exchange, for while the Standard can control all inland oil discoveries by reason of its contracts with trunk lines, at Beaumont it runs against salt water, over which it has not, as yet, obtained complete control."

The friends of ex-Governor Bradley in Louisville are urging him to become an announced candidate for United States Senator, to succeed W. J. Deboe. They believe that if Bradley takes the stump in his own interest he can win the caucus nomination over Deboe ever if he later has got the Federal patronage to distribute. One thing is certain, and that is Bradley will wake up the Senatorial snorer, if he concludes to enter the race.

The recent announcement of a new British loan of \$300,000,000 leads interest to a statement just issued by the Treasury Bureau of Statistics regarding the national debts of the world. This statement shows in brief that the national debts of the world aggregated more than \$30,000,000,000 at the close of the nineteenth century, or ten times as much as in the closing years of the eighteenth century. The nations as well as many individuals have a hard time, it seems, making both ends meet.

A family that recently moved to Cincinnati were somewhat surprised to find coal selling at retail in that city at eight cents a bushel. This is between two and three cents less than Maysville people have for months been paying for fuel. The biggest part of Cincinnati's supply is taken right by our doors, and if it can be retailed at a profit in Cincinnati at 8 cents, it certainly ought to be sold in Maysville at even a less figure. Why should Maysville and Mason County people be charged such high rates for fuel?

The old adage that "troubles never come singly" is proving true in the case of Superintendent McCormick, of the Hopkinsville asylum. Following the request from Governor Beckham for his resignation on account of alleged immoral conduct, suit was filed against him Monday by F. W. Jones, of Louisville, for \$5,000 damages. Jones alleges that McCormick, while Health Officer at Owensboro, intentionally concealed the fact that small-pox was in a house in which Jones boarded, and that Jones contracted the disease.

The sentiment against trusts is becoming intense in Massachusetts. A bill to protect the consumers and traders from the combines has passed the lower branch of the Legislature by a vote that was practically unanimous and is now before the Senate. The act is aimed principally at the tobacco trust, but all trusts look alike to the consumer. We venture the assertion that the sentiment against the combines is just as strong in most other States, but it is latent, as yet. Their brazen effrontery, however, in holding up the people and forcing them to pay just what the trust magnates please for the necessities of life will, sooner or later, result in such action as will bring the extortioners to a bitter reckoning. There will be few legislative bodies in the next half decade that will not be strongly anti-trust in their make up.

The recent publication of the French regie requirements shows the demand for burley tobacco by that government is greatly increasing, the requirements for this year being 4,800 hogsheds, when the requirements four years ago were for only 2,090 hogsheds. Statistics have shown that the demand for burley tobacco has increased at the rate of about

ABSOLUTELY PURE

ROYAL BAKING POWDER CO., NEW YORK.

800 hogsheds a year for the past four years. The orders for light Kentucky have been the same for the past two years, 7,800 hogsheds, and for the previous two years 6,000 and 6,300 hogsheds, respectively, while the demand for heavy Kentucky is gradually decreasing, and for this year is only 308 hogsheds, while last year the contract called for 900 hogsheds and for many years has not called for as small amount as the present contract.

In this connection it can be added that parties who have been furnishing much of the dark tobacco for these contracts contemplate establishing a stemmery in Maysville to supply the increasing demand for burley. And where could there be found a better place for such an enterprise than right here in the heart of the burley district?

PRINCIPAL AND AGENT.

Ruling of the Court of Appeals in the Case of the Vogt Machine Co. Against Lingentfeler.

In its decision reversing the judgment of the Mason Circuit Court in the above case, the Court of Appeals says: "The owner of a manufacturing establishment, who entered into partnership with another person under a contract which stipulated that the management of the concern should be under the supervision of the owner's agent, his son-in-law, and that any new machinery which became necessary for the operation of the plant should be put in at the expense of the owner, is liable for the cost of new machinery, which appeared necessary for the proper operation of the plant, purchased and placed in the establishment by his son-in-law with his knowledge and consent and retained and used by him after the discharge of his agent, notwithstanding his contention that the son-in-law represented that he had himself purchased the machinery, for the latter was acting within the apparent scope of his authority as agent and his acts were binding upon the principal as against the seller."

Wm. D. Cochran and A. M. J. Cochran for appellant, A. E. Cole & Son for appellee.

A MEASURE OF MERIT.

Maysville Citizens Should Weigh Well This Evidence.

Proof of merit lies in the evidence. Convincing evidence in Maysville is not the testimony of strangers, But the endorsement of Maysville people.

That's the kind of proof given here, The statement of a Maysville citizen.

Mrs. John E. Burns, of West End, near Pogue's, says: "I am greatly pleased with the benefit I received from the use of Doan's Kidney Pills, which I procured at J. Jas. Wood & Son's drug store, corner West Second and Market streets. Use proved them to be the best kidney remedy I know of. I have heard a number of persons speak of the great relief obtained from the use of Doan's Kidney Pills."

We are authorized to announce JAMES STEWART as a candidate for re-election to the office of City Assessor, at the November election 1901.

A Great Combine.....

The cheapest kind of goodness and the best kind of cheapness will be found in our announcement to-day. Cheapness of price without goodness of quality never tempts the sensible buyer. Here you will find a combination of goodness and cheapness of price so strong that it stamps every item named a genuine bargain.

STORM SERGE.

As weatherproof as a bird's feathers, Storm Serge is a necessary fabric for women's wear. Navy blue and black, 50c. to \$1 a yard. The higher grades are 50 inches wide. Separate Skirt—Storm Serge you instantly associate the two, for what gives such service as a storm serge skirt varied by different tasteful waists.

VENETIANS.

This is a plain goods season and Venetian is King, or shall we say Queen? Venetians differ. Were we foolish enough to sell you the average sorts we know you'll bring the goods back for you'd quickly find out their short comings. A Venetian at 75c. is just beginning to be a venetian, good, good looking, durable but barely a Venetian. What is known as the regular 75c. kind we sell for 50c.—not to break prices but because we can afford to. We've Venetian to sell at 75c. but that's better. Then other grades at \$1, \$1.10, \$1.20, the latter from France and of special merit. The \$1.10 quality is likewise noteworthy.

The colorings are ideal this season. Not in any one line but in the stock altogether we have a dozen exquisite shades.

BADLY WOUNDED

Was Mr. James Ryan, of Flemingsburg, by Charles Gaskins, Colored, Last Evening.

Mr. James Ryan, son of Marshal Ryan of Flemingsburg, was assaulted and badly wounded last evening by Charles Gaskins, a negro.

The wounded man is engaged in the livery business, and Gaskins was formerly in his employ.

Last evening Mr. Ryan was going to his home, accompanied by Mr. Wat Dearing. While they were passing an alley some one threw a rock at them and Ryan stepped back to look in and see who it was. As he did this Gaskins sprang forward and began slashing him with a knife, inflicting five or six wounds across the chest and abdomen and a stab in the groin.

Gaskins fled and parties were here this morning looking for him. He was seen coming towards Maysville last night.

Ryan was in a serious condition this morning. It is not known what caused Gaskins to make the assault.

ATTEMPTED ASSAULT.

Mrs. Joseph F. Tucker Has a Narrow Escape From a Lustful Brute.

Officers have been searching since Sunday afternoon for an unknown white man who attempted to criminally assault the wife of Mr. Joseph F. Tucker whose home is on the Hill City pike, near Washington. The man called at the home in the absence of Mr. Tucker, and asked for a drink. Mrs. Tucker sent her little son after the water, and the man then attempted to assault her.

Mrs. Tucker's screams brought a negro man living in the neighborhood to her rescue and her assailant fled. The man gave his name as Frank Ormes, but this was no doubt a fictitious name. He can be easily recognized as he had a large scar over one of his eyes.

He was traced to the Fleming pike and it is known he rode several miles with a gentleman who was going to Flemingsburg. He left the buggy before reaching that place.

Mrs. John Collins, of the Shannon neighborhood, died Saturday night or Sunday and was buried at Shannon Monday.

The Kentucky Asphalt Company, of which Mr. John H. Hall of this city is a member, has been awarded contracts for about \$35,000 worth of work on Louisville streets.

At Sunday night's session of the General Missionary Conference of the M. E. Church, South, in New Orleans, the offering for missions amounted to between \$25,000 and \$30,000.

NEIGHBORHOOD NEWS.

Items of Interest Contributed by Our Country Correspondents.

ORANGEBURG, April 29, 1901.—Miss Minnie Curtis, of Bernard, is visiting Miss Mary Emma Dickson.

Miss Minnie Stone, of Gilead, is visiting the family of Charles Calvert.

Miss Lucy Bullock, an exceptionally jolly and popular lady, is visiting friends and relatives here.

There have been more sickness and deaths here this spring than in the past fifteen years. There were five sudden deaths.

Misses Jennie Dickson and Annie Bramel, daughter of John Will Bramel, Esq., have returned from Florida. The visit to the land of flowers greatly improved Miss Annie's health.

Miss Etta Tolle has returned home from a visit to Elwood Tolle, Esq., of near Millcreek church, who is slowly recovering from a severe attack of pneumonia.

Mr. and Mrs. Wood Bramel and children are visiting her parents, Mr. and Mrs. William Mayhugh.

Rev. Ralph Gebbie will preach at the Christian Church Sunday morning and evening. The Endeavor Society meets every alternate Sunday evening except when their Superintendent Bro. Gebbie preaches, when Saturday evening is the date.

Henry Cooper, familiarly known as "Bing," is the tallest eighteen-year-old in this vicinity. He is six feet, three inches and well proportioned.

The Mt. Carmel pike is being put in first-class order for a half-mile each side of and in the village limits.

Bad weather has caused a suspension of work on the proposed new flour mill, but it will be resumed with a rush next week.

Neil Coryell died very suddenly last week and was buried Thursday at Mt. Olivet. Rev. Clark preached the funeral and a few remarks were made by Mrs. Harrod, the lady preacher. An unusually large number of friends and relatives were present.

Mrs. Alice Shipley died last week and was buried at Stone Lick Friday. She was a good neighbor and kind friend and her loss is severely felt. Her funeral was very largely attended.

Charles Calvert will soon be through sawing lumber on the Collis tract, when he will remove

his engine to the "burg," where he has several weeks' sawing for Grant Wilson and Mr. Harrison.

Peter Moody, a well known and skilled blacksmith, will build a house and locate a shop here in the near future.

Misses Fannie Roe and Eva Dickson are visiting at the hospitable home of Mr. and Mrs. Dave Dickson.

Spring work is going forward rapidly, but certain sections of land will not be fit for the plow until the middle of this week. Gardens are in abeyance.

Mrs. Harrod, the lady preacher, is stopping with Dr. Bain during her term of ministrations here. She will probably remain here several weeks.

Mr. Perkins' dog killed an enormous hedgehog one day recently. His owner says it was a hotly contested battle and he did not expect the dog to emerge a winner, but he did.

Dr. Hord is in a quandary. He has a flock of diminutive spring chickens which followed the mother hen down to Charles Kennan's wharf the other day, got into the creek and swam across several times, being unable to get out, owing to the steep banks. The frantic clucking of the hen and shrill cries of the chicks attracted attention and they were helped out.

The worthy doctor, having witnessed their aquatic antics with unbounded astonishment, is now considering whether he had better have a duck pond dug and let them dive for mud, or wander on dry land seeking sustenance.

Luther Crosby has a new road cart and drives around quite spry.

Now if he don't go court the girls, I'd like the reason why.

The Sewing Society of the Christian Church, which has been meeting at Mrs. Mattie Roe's and Miss Ida Mayhugh's alternate Thursday afternoons during the past winter and prepared a bewildering variety of useful and ornamental articles for sale for the benefit of the church fund, will have a grand bazaar Saturday, May 11th, commencing at 2 p. m. In the evening ice cream and cake will be served.

Our popular postmaster and groceryman, Grant Wilson, has literally obeyed the scriptural injunction, "Let your light shine," by placing an air pressure gasoline lamp in front of his place of business Saturday evening. It is an intense though mellow light, and besides making his store front more easy of access on dark nights, banishes darkness from the street a square each way. He also has one on a different plan at the new Methodist Church. Mr. Wilson should be cheerfully Grant-ed the thanks of the community, church-goers especially, for his well-timed efforts to make darkness invisible.

Uncle Johnson McKay still has a fervent and abiding faith in that sulphur well, and prophesies that Orangeburg will at some future time be a noted health resort with a White Sulphur Springs Hotel, thronged by fashionable folks. It may be so, I do not know, but it seems to me like the baseless fabric of a vision. Orangeburg will expand, slowly but surely, for the simple reason there are men here who believe in expansion and have the energy and means to promote it. We are in the midst of a rich farming country. The wheat grown on land contiguous to our village makes the finest flour in the market. The tobacco is the world famous white burley. We have good water, good health and good citizens. Our greatest want is more houses to accommodate those seeking locations here. Then we will be right in the swim.

Mrs. Harrod, the lady preacher, began a series of meetings at the Methodist Church Thursday evening last. She has been creating a great sensation in the mountains and at various towns, notably Mt. Carmel. Here many persons were converted. She had great success at Tollesboro, also. A moderate sized audience greeted her first appearance but at the subsequent meetings standing room was at a premium. The subject of her first sermon was "The Wedding Garment," which she handled in an able and attractive manner. She mentioned several deaths that had recently occurred in the community and asked if any in the audience were ready to go when called upon. Only nine responded and she commented very forcibly on the small number ready to go. She has not yet made much impression on the sinners here who laugh and talk back to her now, but when she does begin to close in on them they will come a running. She is of a highly nervous, sensitive nature and becomes so enthused at times she dances, falls in a trance and remains speechless and motionless for hours.

Cincinnati, O., April 29.—The Ohio river has fallen to 57 feet at 1 p. m., a total fall of 2.7 feet since Saturday afternoon. Its rate of fall will so increase that by Tuesday much of the obstruction to traffic and business will be removed. The railroads are rapidly resuming business. The freight depots and Central Union passenger station will be ready for occupancy by Wednesday or perhaps earlier.

PERSONAL.

—Mr. John H. Hall left Monday for Louisville on business.

—Dr. L. H. Landman will be at the Central Hotel Thursday, May 2nd.

—Mr. Clarence W. Lydick, of Cynthia, has been spending a few days at Mayslick.

—Dr. Charles S. Holton, of Richmond, returned home Monday after spending a few days with relatives at Tuckahoe.

—Mr. and Mrs. Harry Orr, of Cincinnati were passengers on the steamer Virginia, on her down trip last evening.

—Messrs. Harry McCane, Terrell Thompson and Sam Wolfe, all of Brooksville, visited friends in Maysville Sunday.

—Dr. and Mrs. Henry M. Marsh and son, of Danville, left for home Monday after a short visit to relatives in and near this city.

—Mrs. Ida Holliday, of Pittsburg, arrived Monday afternoon to attend the funeral of her mother, Mrs. Katherine Stallcup.

—Mr. and Mrs. Charles W. McNamara and children, of Flemingsburg, returned home Monday after spending a few days here with relatives.

—Mrs. C. B. Pearce, Jr., and sisters returned Saturday from Hot Spring, where Mrs. Pearce was under treatment for trouble of her left eye.

—Mr. Charles Daly, who has been spending a few weeks here with his brothers and sisters, left yesterday afternoon for Cincinnati and will proceed immediately to New York on business for his house. Mr. Daly's many friends will be pleased to learn that he has been very successful, and he deserves it, as he is one of the cleverest and most straightforward gentlemen on the road.

HACKWORTH-HELWIG.

An Ashland Couple Married at the Central Hotel This Morning.

Mr. William Wert Hackworth and Miss Elizabeth C. Helwig, both of Ashland, arrived on the 8:50 train this morning and were married at the Central Hotel shortly afterwards by Rev. J. B. Holly of Mayslick.

The groom is a young merchant of Ashland, and he and his bride are both numbered among the worthy and estimable people of that city.

The city prisoners are busy at work today cleaning off the deposit of mud left on the flooded portion of Second street at the Limestone Creek crossing.

Young Women

The entry into womanhood is a critical time for a girl. With her whole being undergoing a change, the seeds of female troubles are sown. Little menstrual disorders, if neglected at the time, will follow the woman all her life and grow into fatal complications. That female troubles are robbing homes and filling graveyards, proves this. Yet, irregular and painful menstruation are often permitted to go on, sapping the life and energy, while Wine of Cardui, the positive relief for these ills, is on the shelf of every drug store. Wine of Cardui helps the maiden sustain the shock of puberty by inducing a painless and natural menstrual flow. When once this important function is started right, a healthy life will usually follow. Wine of Cardui is an emmenagogue of great power, and works wonders in strengthening the delicate and sensitive female organs. Many young women owe their lives to Wine of Cardui. No woman should give up hope until she has given Wine of Cardui a trial. If thousands have secured relief through it, why not you?

WINE OF CARDUI

Tully, Kas., Feb. 24, 1899.
I have suffered untold pain at menstrual periods for a long time; was nervous, had no appetite, and lost interest in everything; in fact was miserable. I have taken four bottles of Wine of Cardui with Black-Draught when needed and to-day I am entirely cured. I cannot express the thanks I feel for what you have done for me.
